

## 200hr Hatha Vinyasa Yoga Teacher Training Hybrid Format live & online

### **5 Days Online**

This online portion includes 4 days of self-paced & prerecorded material, containing mainly theory and some practice, and \*one live online day. It is best completed prior to course start as it will set the foundation upon which we will build in the live portion of the training in Crete.

\*Live online session Sunday, July 14, 9:00-13:00 CET

### **July 20 – August 4, 2024, 15 day live residential in South Crete**

The live intensive residential course is exactly the same course that we offer in a full live 3-week format, however most of the foundational theoretical lectures, as well as some practical ones will have already been completed online. This way the live portion will be a little more intense in terms of practice, hands-on, and practice teaching.
